

SIMPLE. STRONG. SECURE.

Striplox: The Perfect Hanging & Joining Solution

- The award winning Striplox range is simple to use, strong and secure, making every unique joining and hanging application perfect.
- Striplox is used on solid timber, MDF, composite panels, aluminium features, balsa wood and more. Striplox is revolutionising the hardware, design and cabinetry industries worldwide.
- Simple to use, fully adjustable, highly customisable Striplox has unparalleled strength and meets all required needs in numerous applications.
- Aesthetically, Striplox replaces visible screws, brackets, fittings, connectors, latches, cam and dowels, mounting blocks and other mechanical components providing leading edge design solutions.
- Striplox can be surface or rebate mounted in vertical, horizontal, under mount or top mount positions. Striplox can be used for permanent or reversible assembly and reassembly.
- All Striplox solutions are engineered to the highest standards with full FEA, laboratory and physical load testing to ensure the toughest of conditions and criteria are met.

STRIPLOX IS IDEAL FOR:

- kitchens & bathrooms
- cabinetry
- architectural projects
- commercial design
- furniture manufacture
- retail space
- signage
- exhibitions & displays
- wardrobes/closets
- RV & marine
- feature walls & ceiling panels
- acoustic timber walls & ceilings

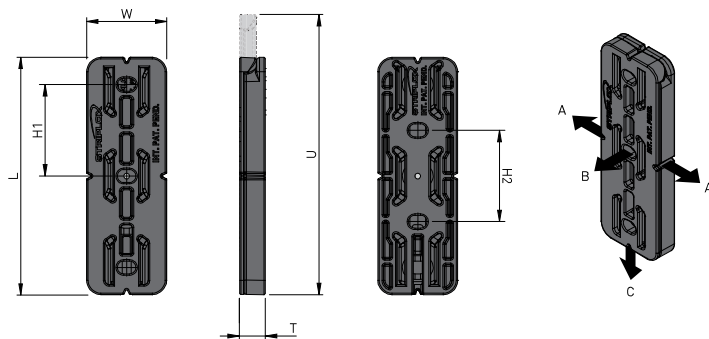

Pro Connectors for Large Scale Projects

Striplox Pro 23

- Designed for hundreds of uses from large scale architectural projects to custom design work
- Ideal for installing modern timber battens, hanging cabinets, floating shelves, bookcases, artwork, frames, mirrors feature panels
- Narrow profile makes for tidy concealment so great for bespoke furniture
- Strong and versatile for a wide variety of applications
