

# New Planero Blind Corner Storage

## VS COR Fold in Planero Style

The VS COR Fold corner unit is an optimised version of the classic corner cabinet unit.

The COR Fold's user-friendly movement makes this cabinet unit's contents very easily accessed upon opening.

As the door opens, the front baskets swing sideways, automatically enabling free access to rear baskets.

Fronts with integrated 3D adjustment and central height alignment make perfect fitting a dream on the COR Fold.

An integrated damping system guarantees a quiet and smooth closing of pullouts.

Now available in Planero, a contemporary, streamlined style with premium looks and manufacturing values.

VS COR Fold corner Planero baskets
